WHS: Remember to use caution when walking on our many steps, especially in wet weather when they can become slippery. We are in the process of installing a handrail down the side of the centre steps.

FROM THE PRINCIPAL

Dear Families,

There is so much to be grateful for here at Stansbury Primary School. A big thank you to our parents for organising the Tuck Day today. There were lots of happy children enjoying lasagne and fruit salad for lunch. Thank you to Kerri for ensuring the entire meal was from the Green category of foods, those foods we want children to eat more of. Tuck Day is an initiative of the Fundraising Group. Thank you.

Thank you to all of the parents who have so generously given of their time to attend Governing Council and sub-committee meetings in relation to the process towards the appointment of the principal for 2018 and beyond. This is important work. Congratulations and thank you to Lana for her coordination of this process.

Thank you also to families who have completed and returned the Spanish survey. As a trial school of *the Hola Amigos* online learning program, it is important that this information has been gathered so we can measure the success of the program. Seahorses have been exploring greetings, colour and shape, combining maths and language learning through Art, while Sharks have been engaged in researching, designing and translating.

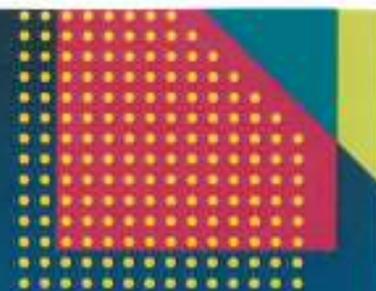

Today we welcomed back Mrs Kimberley Black, following her ankle injury. Kimberley is quite an expert on crutches now and it is great to have her back on deck. Staff and students were all very happy to see her again as we settle back into familiar routines. Thank you to Gilli Procopis who has so ably covered Kimberley over the last weeks and ensured learning programs remained on track.

Students have been enjoying more PE time, where skill development and team work have been a focus during these perfect autumn days.

Have a lovely weekend,

Joyce Dinan
